NORTH MIAMI FLORIDA	**BUILDING DEPARTMENT** INTAKE CHECKLIST AND ROUTING PROCEDURE DRIVEWAY/ PAVING
Effective Date	2025

Submittal Requirements:

— Building Permit Application

- Permit and approach applications must clearly indicate the type of material being used for paving, e.g., concrete, asphalt, pavers, etc.

— Cost Affidavit
— Proof of Ownership: (recorded warranty deed)
— Copy of Contractor's License
— Certificate of Insurance (must be valid for a minimum of 6 months)
— Worker's Compensation Insurance or Exemption
— Current signed and sealed survey (2 copy)
— Survey Affidavit (required for surveys older than one year)
— Completed Application for Engineering Permit for work within a Public Right-of-Way (if approaches to the driveway are not built to minimal standards- see details).

Note: All drawings must include dimensions and indicate both side-yard setbacks. All markings/shadings as per city provided packet details.
